Corporate Emergency Response and Safety Training

Ready America/ Life Goes On, Inc. offers the finest most comprehensive corporate emergency response and safety training program. Our specialized training and on-site "skills and drills" exercises will increase the ability for your corporation to rebound quickly from disaster. You will reduce the risk of injury and harm to employees should disaster strike. Working knowledge combined with situational awareness is the key to a well organized response and Incident Command System (ICS). We do all this and more!

Employee Preparedness is Key

Fostering an environment of preparedness empowers employees with the know-how, protocol and emotional survival skills that they may be faced with during the chaos of a disaster. The sum of your company's resiliency is measured by the preparedness of the employees. Let us help you be prepared in advance with this lifesaving knowledge galvanizing employees and staff to be empowered.

Customized Programs

We meet OSHA requirements and offer a Two-Year Certificate of Completion Card. We train at your location or ours to meet your operational needs. After our site assessment, we build a plan and program to build your Team for full evacuation or shelter-in-place. Our program includes Emergency Response Team Training in the event that 9-11 emergency services are not available. Also available are 13 different instructor certifications.

Who Are We?

We are Fire Professionals, Registered Nurses, Paramedics, EMT's all Certified High-Rise Life Safety Consultants. With our combined years of experience and passion, we offer the finest in training. We are in business to help your business be ready. You can turn to us with confidence. Call us today for your site assessment.
